BAKER and CONFECTIONER, Shaver St., Claresholm

After "Quizzy's" Goat

EDITOR REVIEW-ADVERTISER:
Dear Sir:—Your correspondent "Mr. Quizzy" who certainly merits his nom de plume certainly will not find any information from the local newspaper, and he evidently is too quizzical to ask the necessary information from the proper authorities or town council. For his information and others who have been in an awkward situation without "quizzing" the following is the state of affairs.

Early this spring boiler No. 2 was condemned by the provincial boiler inspector. A gas engine to run the electric light generator was ordered for delivery Aug. 1st, 1916. This engine has not and will not be delivered at Claresholm for some six weeks yet to come on account of the manufacturers being engaged in munition works.

The remaining boiler No. 1 can only be used six days a week continuously to allow it to cool and be washed out on the seventh day, consequently one day per week must be a "no light" night. Sunday was chosen for the wash out day as all business places are closed, no transients in town, and while causing some discomfort to the churches I think that even "Mr. Quizzy" will admit that Sunday is the most suitable day for the majority of the ratepayers. Personally I have been received to temporarily use boiler No. 2, which allows the plant to now run on Sunday evenings.

Lights cannot be given in the morning until the necessary temporary repairs are made as any increase in use of the boilers in their present condition would necessitate shut down for washout every fourth day. No blame can justly be placed to anyone in this matter and I know the councillor who requires morning lights as well as "Quizzy" would welcome the latter service were it possible.

But at present a half loaf is better now than no bread. In fact credit the councillors and employees in making the repairs to the boilers without a ten day shut down which hitherto has always been the case in repairs to the plant. "Quizzy" must know that the electric light plant, like all merchandise, depreciates every year, and while service has been good in years past, this year has seen the climax. When the boilers were condemned the town council recommended the purchase of a gas engine as an economical move. Money would be saved by not having to reinstall the boilers which would cost in the neighborhood of \$1200 or \$1500. Fuel for power in the steam plant costs around \$10.00 per day, while for the gas about \$2.00 per day, a saving of about \$8.00 each and every day for 365 days per year, and also a saving of around \$75 per month, the wages of a fireman, not required for the gas plant. This makes quite a large saving and should save the price of the gas engine in about two years.

As for any "dog in the manger" policy in connection with gas lighting, "Mr. Quizzy" must evidently be a new comer to Claresholm as he would know that ratepayers of the town of Claresholm voted on the gas franchise, and as a result of the vote it was their wish that gas be only used for heating and power in town.

The present council has no more power to rescind that wish than your friend "Quizzy," without the consent of the voters of Claresholm. For the other unsatisfactory state of affairs as seen from "Mr. Quizzy's" viewpoint, why not advise him that all council meetings are public, where, if he has the right, he can ask and receive any information he desires instead of setting like some one local hiding in the columns of the public press behind a nom de plume.

Your obedient servant,
CHAIRMAN LIGHT COM.

Xmas Parcels For Soldiers

The postoffice department has been notified by the British post-office that many parcels sent from Canada to prisoners of war in Germany are being received in London in a damaged condition, so that frequently they have to be repacked before they can be forwarded to Holland for transmission to Germany. The British postoffice adds that in most cases the damage appears to be due to the fact that the parcels were inadequately packed by the senders. The following forms of packing are recommended:

- 1 Strong double cardboard or strawboard boxes. Those made of corrugated cardboard and having lids which completely enclose the sides of the box are the most suitable.
- 2 Tin boxes such as are used for packing biscuits.
- 3 Strong wooden boxes.
- 4 Several folds of stout packing paper.

The British authorities advise that parcels for prisoners of war in Germany must not be wrapped in linen, calico, canvas, or any other textile material.

Parcels posted in Canada for prisoners of war in Germany which have not been adequately packed by the senders will not be forwarded but will be returned to the senders, as the British postoffice has notified the department that parcels which are inadequately packed must be returned to the senders.

A Letter from Pte McKenzie

The following letter from Pte. W. J. McKenzie is received by his brother, Frank, this week.

Dear Frank:—Received your letter today, also that of mother's, dated Sept. 20th, and was very glad to get them.

Glad to know that everybody is well now. We are getting along fine here now, as the grub has improved greatly. We often get cake and pie, and all the meat we can eat. We also get tomatoes and pickles sometimes.

Father left the camp today on a six day pass to Glasgow and Edinburgh. I wish I still had my parents coming. However, before we go to France we are supposed to have a four day pass, and if I get one I will go to Bonnie Scotland.

Tomorrow I am leaving camp for about two weeks to go to the Aldershot range. At present there are about two hundred of our battalion taking a course in musketry, and as there are no ranges here, we have to go to Aldershot for the shooting. The likelihood is that the men now taking the musketry course will be the first sent to from the 137th, and I hope that we go before long. However, we have heard nothing definite yet.

Be sure and send me some papers soon. Today I saw a Calgary Herald about three weeks old that another fellow in the hut had sent. The fellows are all crazy to see any Canadian papers. I saw in it that Bob Larkin had returned. A friend of mine ran across Earnie Buckingham, Sunday, in a hospital not far from here, in Epsom, Surrey. Earnie was inquiring for me, and gave the fellow his address, and I have written to him.

Give my best regards to the bank staff and tell some of them to write, others are always welcome. Write soon and give me all the news. With love to all.

Address your letters:
Pte W. J. Mackenzie,
No. 580614,
P. O. 157th Can. Inf.,
Army Post Office,
London, England.

Mr. Whitgate, of Nobleford, has a yield of 52 bu. of wheat per acre on 170 acres.

Red Cross Notes

Four bales were shipped to Calgary headquarters Nov. 1st, containing the following 133 garments: Pyjamas 15, surgicals 90, T. 17, triangular 219, many-tailed 19, scalp 54, property bag 54, hot water covers 42, bed socks 16 pr., knitted socks 8, 2 pr., sheets 84, quilts 3, dressing gowns 1, wristlets 4 pr., wash caps 13.

With the addition of this shipment the grand total now stands 4054 garments.

Shirts are called for in unlimited quantities for winter 1916-17. The material in this shipment of 84 sheets cost \$17.00.

Yarn, for socks and wristlets, is in great demand just now. All our knitters are again coming gladly to the front, and are already busy with the most necessary sock.

The following letter has been received from the front:

Salonika Exp. Force, Sept. 16.
Dear Claresholm:—Ever so many thanks to the Red Cross for the lovely pair of socks. They arrived night before last, and are just in time for the winter. 'The weather has broken up and it is already getting very cold up in these hills. I have left the 78th P.A.A.C. and been posted to a battery. Its fun to watch the Bulgars run if we split a party and manage to land a shell in the middle of them. Of course, in return we have their dropping all around us. Again thanking the Red Cross for their great kindness. Yours truly,
E. G. Symon.

Don't forget to drop in at the Red Cross rooms Saturday, Nov. 4th, at 3.30 p.m. Your suggestions are very necessary to its success.

The Red Cross meeting will be held Saturday, Nov. 4th, at 8.30 sharp. An urgent call has arrived to organize for the winter's campaign.

Notes and Comments

The Liberal convention held at High River last week, in anticipation of an early election, selected D. E. Blay as the candidate to contest the riding with Dr. Stanley. One novel feature of the convention was that there were fifty women delegates present.

Several women have been suggested at different places in the province as possible opponents at the next election. So far as we can learn, not one woman has so far intimated her willingness to accept the nomination. We believe they are acting wisely, and that their influence in the future elections will be far greater if they refrain from pushing numbers of their own sex too prominently into the political game.

The election that has been promised by the Conservative papers for the latter part of November is not to materialize. We are now told that there is no probability of one until the spring of 1918. The decision on the part of the leaders of the Liberal party in Alberta, will doubtless meet with the approval of the Liberals throughout the province.

There are now 3,500,000 people in Britain engaged in making munitions of war. They produce in four days as many shells as were produced in twelve months during the first year of the war.

The interest in the campaign for free hospitals is growing all over the province. Legislation along this line at the next session of parliament would give the Liberal party a great boost for the next election.

J. S. Woodworth, director of the bureau of social research, has been delivering a series of lectures in Calgary upon the immigration policy of the future, and the problem of the foreign born. In describing the Doukhobors, he said that they were 500 years ahead of us in their lofty ideals, their brotherhood customs and their peace of mind.

For the twelve months ending July 1916, Canada exported goods to the value of \$89,927,725. These figures show an enormous increase over the figures of two years ago which amounted to \$63,071,650.

Someone has suggested that a black list of names of the men who refuse to contribute to the Patriotic Fund be compiled and handed down to future generations. The man who is hoarding wealth out of the soil of the Empire, and who refuses either to fight or pay, should be kicked out of the province. They will certainly want to get out when our heroes return from the battle field.

A Pressing Need

The congregation at the Methodist Church last Sunday had some straight talk from the pastor regarding the need of a Y.M.C.A. or some such institution where the young men of the town can spend their evenings. It may not be known to Mr. Ma-Niven that already two attempts have been made in that line in Claresholm, and both of them proved a failure. The reading and game room that was provided in the Methodist Church ten years ago was patronized well for a few months, but gradually the number of patrons dwindled away until it was given up entirely. A few years later a Y.M.C.A. was organized and started out with a flourish, but within two months that was dead. The reason for the failure appears to be due to the tameness of the recreations provided. Young men who have enjoyed the fascination of the pool table can hardly be expected to appreciate to any great extent, the crokinole board. The prejudice that exists against the poolable has kept it out of most of the church institutions. The game itself is a game of skill and at the same time gives great amusement. A pool room, properly conducted, would be a very innocent and enjoyable pastime, and it seems quite evident that to attempt anything in the way of attractions for the ordinary every day young man, which does not provide the ordinary every day

amusement is only doomed to failure.

What we need in Claresholm, as in every town in the province, is a building that might be called a social centre, and it should be equipped to meet the requirements of all classes and temperaments. In the necessary equipment should be a library and reading room, which should be the most comfortable room in the building. A room where chess, checkers and cards could be played would be appreciated by many.

A properly conducted pool room would be a great attraction.

A hall for meetings for fraternal orders, clubs, lectures and social gatherings would be a very necessary part of a social centre. A gymnasium, baths and many other things could be added as funds were forthcoming.

There will doubtless be a wide difference of opinion as to how the location should be financed. Our own opinion is that a social centre should be provided by the municipality in every town. It is hardly fair to tax the towns to provide what is a public necessity, and would be of equal value to the farmers and townsmen alike.

We are glad that this question has been introduced, and we hope that the matter will be kept before the public until some tangible results are seen. "There is no where for a man to go in this town except the pool room," said a young man, last week, and he was right.

Special Notice

Mrs. W. D. Spence, Hon. Organizing Secretary of the Imperial Order of the Daughters of the Empire for Southern Alberta, will address a meeting in the Parish Hall, on Tuesday, Nov. 7th, at 3.30 p.m., which all the ladies of Claresholm and district are earnestly urged to attend, to discuss the advisability of forming a Chapter of the I.O.D.E. here.

Mr. A. A. Warner, of Reid Hall, had a large field of wheat that averaged 54 bushels per acre.

Episcopal Church

Services every Sunday at 11 a.m. and 7:30 p.m. Sunday School at 12 o'clock. Intercession service on Wednesday at 8 p.m. Gymnasium open every Monday evening. Rev. John Phoenix, Rector.

Methodist Church

Services every Sunday at 11 a.m. and 7:30 p.m. Sunday School at 12 o'clock. Epworth League, Monday at 8 p.m. Prayer Meeting, Wednesday, 8 p.m. Ladies' Aid—3rd Thursday in month. W.M.S.—1st Thursday in month, 3 p.m. Mission Circle—1st Tuesday in month at 8 p.m. Rev. W. E. MacNiven, R.A., Pastor.

School

At a meeting held in Claresholm Oct. 28th, the Southwestern Athletic Association was organized. The officers for 1916-17 are as follows:

Hon. Presidents, the chairman of school boards of the different schools; Pres. Principal F. H. Macleod; Sec. - Principal Mackenzie, Claresholm; Executive, Principal Stevenson, Pincher Creek, Principal Nowell, Nanton.

The object of the association is to govern all inter-school games. Games will be played in each section between adjoining schools, and the winners will then play off in an intermediate town.

At present the association will consist of Pincher Creek, Macleod, Nanton and Claresholm schools. However, invitations have been sent to High River and Okotoks asking them to become members.

It was decided to play soccer, hockey, basketball, baseball, tennis, and hold an athletic tournament on

May 21th, to which each of the towns will be asked to make donations. Teams of both boys and girls will participate in each season.

Macleod soccer and basketball teams played Claresholm on Saturday last at Claresholm. The Macleod soccer team won again by a score of 3-2, while the Claresholm girls' basketball team won again by a score of 8-6. In the soccer game the play of Tommy Ringrose and Harold Solv was worthy of note.

The Literary Society will hold its second meeting on Friday, Nov. 3. Among the items on the program is a debate between three Grade X students and three Grade XII students on the subject of military training. Parents and all interested are welcome at these meetings.

An enjoyable evening was spent in the orange and purple decorated Assembly hall of the school on Friday, Oct. 27th, when Grade VIII

gave a Halloween party. Among those present were the teachers, Grade VII, several from the other grades and a few outsiders.

The program was as follows:
Chorus—On Canada!
Piano Solo—Mabel Peterson
Recitation—Mary Elliott
Vocal Solo—Clara Gibbie
Reading—Thelma Hornham
Recitation—Loy Hart
Vocal Workman—Veda Workman
Piano Duet—Clara and Florence Carney.

Also, by special request, Mr. Fraser rendered several songs solo. After the program the floor was cleared and games were played. Later in the evening refreshments of cake, sandwiches and tea were served. Then songs were sung to the accompaniment of banjo and piano till the party left for home.

Those present besides teachers and students were: Mr. and Mrs. Tilletson, Mr. and Mrs. Jackson, Mrs. Brittain, Miss Lee Brittain, Mr. Evans and Mr. Fraser.

Stavelo Locals

C. C. Wheeler, of Calgary, was in town on business this week.

P. Laverne purchased a new Ford car this week.

Chas. Anderson is building an addition to his house.

Miss E. Hopkins went to Calgary last week.

Miss Ella Collings and Miss Kathleen Hopkins were in Nanton last Saturday.

Geo. Free has just finished a big barn for D. Mackintosh, near Gramma.

WANTED—At once 2 or 3 barrels of potatoes. W. A. Robison, at Atlas Lumber Co.'s office. Ad.

The electors are blocked and are compelled to refuse to buy wheat. Cars appear to be very scarce.

There is a report that a new elevator will be built in Stavelo this fall. A car of timber is said to be on the track.

F. S. Ditto has just received a large shipment of caskets. A complete stock will in the future always be kept on hand.

J. Reynolds received a letter from his son, Charles Reynolds, D.S.M., that he expects to spend Xmas with them at home.

J. H. Janmuk was badly trampled on by his horses. They became frightened at Walsfield's car when passing, and became unmanageable. He was fortunate to escape without more serious injury.

Your friends will appreciate your Christmas gift if it consists of a year's subscription to the Ladies' Home Journal, the Saturday Evening Post, or the Country Gentleman. Each \$1.75 per year. Harry Robinson, Agent Nanton.

A. C. Moyer, the station agent, received the sad news that his father had been stricken with paralysis and was not expected to live. Mr. Moyer, accompanied by his brother Robert, of Lethbridge, left on Wednesday's train for the east.

The congregations at the Presbyterian Church are increasing every week. The sermon last Sunday was greatly appreciated. There is no more pleasant and profitable way of spending Sunday evening than at tending the regular church service.

Mr. E. McChesney sold a team of horses recently that netted him \$120.

Old Jones reports having threshed 14 acres of oats that averaged 11 bushels to the acre.

The Ladies Aid met with Mrs. Crossman last week. One new member was received. It will meet with Mrs. Thos. Miller on Nov. 8th.

Marian McQuig met with a painful accident on Tuesday last. She was trying to drive a stray horse out of Henson's yard when it kicked her in the face, broke most of her teeth and probably marring her for life.

Stavelo Masquerade Ball

The passing of Halloween was celebrated by an event which will long linger in the minds of Staveloites, and will be placed away in their collections of pleasant memories. Never in the history of the town was a more pleasant, better patronized, or more pleasing affair held than the Masquerade Ball at Bruha's Hall, given under the auspices of the local Red Cross Society.

Excellent costumes, jocular laughter, pleasing reperture, made it a joyous and entertaining evening. The music was good, the supper was fine, and the decorations of the hall in keeping with the traditions of Halloween.

The judges were Mallory, of Nanton; Miss Collings and P. H. Walsh, Stavelo. The costumes were all so well gotten up that it was a difficult task to decide on the prize winners.

1st ladies prize, 5 lb. box chocolate to the best represented type, was won by "Martha Washington," worn by Mrs. J. F. Crumley; 1st prize, most unique costume, "Follies," worn by Miss H. McChesney; 1st prize, gentleman, best represented type, a fine pearl-handled knife, "C'est-manger," costume, worn by Albert Ed, of Parkland; 1st prize, unique costume, pearl knife, "Trump" costume worn by Alex. Johnson.

Cars from Nanton, High River and Claresholm, rolled into Stavelo all evening bringing the merry revellers to the dance.

Among the out of town guests no

tied were Mr. Gill, Nanton; Mrs. Mallory, Nanton; Sergt. Mann, Miss Parr, Miss Seymour, Claresholm; Miss Soman, Nanton; Mr. Leo School, Claresholm.

The success was due to the hard work of the leaders of the Red Cross, and especially to the untiring efforts of Mrs. F. C. Kievor and Mrs. J. H. Brant.

Mrs. Brant added the receipts by telling fortunes. Over 100 couples were present.

CORRESPONDENCE

Mr. Editor:—It is rumored around town that you nearly lost five or six subscriptions on account of the article in your last week's issue, regarding "gossiping." Quite a few of the ladies of Stavelo and the surrounding district, thought when they first glanced at the head lines of the article, that it was a direct slam at them. After they cooled down a little, they picked up the paper again, and read the article through, and they came to the conclusion that it would be admitting their guilt to cancel their subscriptions.

You might think yourself that it would be an excellent thing if the different Ladies Aid, Guilds, etc., to give a little thought to this anti-gossip crusade, but to my way of thinking it would never do in a small town like this. In the first place, it would result in quite a few anti-bodies being shattered. Stavelo is very champion gossipier some little thing, and it seems there is very little competition between five or six ladies to fill her shoes. Up to the present times it is very close, and from all accounts, getting better all the time. And another thing, what in the world would the ladies do in a small town, if they couldn't run into their neighbors and tell them what Mrs. So-and-so had just told them, etc. Why this old piece what they get so quiet and pious, that the first thing we knew, we would be having Church Union.

And then again, when it (the gossiping and results from same) gets to a climax, it drives our attention from the conflict at present raging in Europe, and then at other times it reminds us of it, (on a small scale, of course).

There are so many other good things to be said in favor of this local gossiping, and against this anti-gossip crusade, that it strikes me, it would never be a success locally. I am, however, only a man, and it is possible they may not look on the subject in the same light as I do, and they might take steps here to adopt the suggestions in the article referred to.

A Dampfold Man.

McLAUGHLIN SIXES

THE 1917 SERIES ARE REFINED AND IMPROVED IN DETAIL ALTHOUGH UNCHANGED IN GENERAL DESIGN

NOW in their third season of successful performance McLaughlin Six-Cylinder pleasure cars have won and are looking among Canadians, an enviable reputation for Power, Efficiency, Comfort and Beauty.

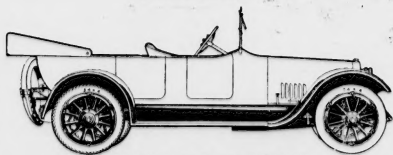

Designed and constructed in Canada by Canadians for Canadian motorists, McLaughlin motor cars give better satisfaction under Canadian climatic and highway conditions than the average automobile.

THE mechanism and comfort of McLaughlin Sixes—Canada's Standard Cars—make them the inevitable choice of men and women who drive for pleasure.

With abundant power—vibrationless, flexible and easily controlled—the man or woman at the wheel can enjoy all the pleasures of motoring to the full without anxiety.

McLaughlin Sixes are dependable cars and are SAFE cars to operate.

These Facts Speak

for themselves: A Garbutt Graduate is now Champion Typist of Canada. The only school in the province with a court reporter and a chartered accountant on its staff; the only school in Alberta that is a member of the Association of Accredited Commercial Schools is the Garbutt School. Our students won First Prize for Penmanship at the Calgary Exposition and 42 diplomas for penmanship from the American Penman Magazine of New York. More successful students on the Clarendon Accountancy examinations this year than all competitors have had in five years. Our system of tutorial instruction permits students to enter at any time.

Geo. Lee, of Reliance, obtained 10 cash \$60000 from his 70 acres of wheat.

Claresholm Local News

D. Harnage shipped a car of hogs to Toronto, on Wednesday.

Mr. A. E. Hunter is visiting in town this week.

The 41 ranch sold, this week, 164 head of cows and 294 steers.

John Nelson sold 200 head of cattle to Seattle buyers.

Fishing and chicken season closed on Tuesday.

T. C. Milnes purchased, this week, six, 1-12-27.

D. V. Vanhorn sold a Briscoe car to W. Strangway, this week.

J. O. White had some new land that averaged 62 bushels per acre.

Read the Crown Lumber Company's advertisement in this issue.

It is rumored that a new hotel and shoe store will be opened in the Milnes block.

A. B. McDonald, sheriff, of Macleod, was in town on Saturday. The good crops will, no doubt, soon make his visits unnecessary.

The machinery has been installed in the McKinnon & Foster elevator. They will be ready to buy grain in a few days.

You will see him standing on a chair opposite the Wilton Hotel on the big sale day, Nov. 8th. A. E. Strangway is always on time.

At the Parish Hall, on Thursday, November 9th, Rev. H. H. Haslam, of Kanga District, India, will give an address on missions in India. Everybody welcome.

Nel Peterson is going away 3:10 p.m. sale takes place on the farm near N. Charnish school, Nov. 8th. Read his advertisement in this paper.

J. M. Sohy is advertising the McLaughlin car in this issue. Four car loads of these cars have already been sold here this summer, and still there is a demand for more.

The Agricultural College opened again this week, and every day new students arrive. Some are delayed owing to late threshing, but the attendance this winter will be as good if not better than last year.

F. Downes sold a half section of land to Mr. Bolton Annable. The land is situated about four miles north of Claresholm. Mr. Annable recently sold his farm near Barons for \$40 per acre.

Ray Henderson purchased a new Briscoe car, last Saturday. When running into his garage he forgot to stop the car, and consequently knocked the end of the building into the next farm. He is still busy picking up the pieces.

I almost forgot it. The dance in the Opera hall on Friday night of this week, under the auspices of St. John's Church, should be well patronized. The town band will be in attendance, and the proceeds will help to pay the debt on the rectory.

Families are still coming to Claresholm looking for houses to rent. Last Sunday a family of five motored over from Travers to spend the winter here and to give the three sons and two daughters the opportunity of attending the Agricultural College.

A carload of sheep is expected here on the 12th. Farmers can make no mistake in securing a small herd. With the price of wool soaring, it will be one of the most profitable farm investments in the near future. See ad. in this issue.

In the opinion of a representative of the Review-Advertiser, who witnessed the production on Wednesday evening, the miniature pictures shown at the Box, this week, are the best ever seen in Claresholm. Its educational value alone was worth a dollar admission. Considering the conditions under which these photos were taken, it is a marvellous piece of work. It is to be hoped that more of these pictures will be forthcoming.

FOR SALE - A Doherty organ, in good condition. Apply Review-Advertiser.

WANTED - A boy or girl, 16 years or over, to learn typesetting and printing. Must have good public school education. Permanent position. Apply Review-Advertiser.

All changes for contract ads must be in the hands of the printer by Tuesday noon. Owing to difficulty in securing competent help, our advertisers should make a note of this and send ads in on Monday if possible. Show ads coming in for change on Wednesday and Thursday will be held over till the following week.

"Kick In," the big Sherman production which is to be seen at Claresholm Open House, Thursday, Nov. 9, is billed as "The Big with a Punch." It is this same "punch" which has placed the famous drama of the underworld on a pinnacle unexcelled by any other theatrical production of the kind. It is the punch that holds the attention of the spectator glued during the entire performance; it is the effect of the punch that remains long in the memory after other things are forgotten; it is the punch that has shown theatrical managers all over America and Europe that it is one of the best box office attractions on the road. It hits out straight from the shoulder against present-day police methods. Sensation follows sensation throughout the entire plot. Popular prices. Seats on sale.

Ben - To Mr. and Mrs. J. McAlister, Oct. 28th, a daughter. Weight 10 lbs.

All the up-to-date business firms are getting their names in the local paper. The fact of their names being there is an evidence of their interest in the prosperity of this district. Read the ads in this issue. They will be of interest to you.

The musical competition to be held in the Auditorium of the school on Nov. 7th, is creating a lot of interest. The judges who have been appointed are Mrs. B. F. Steeves, W. F. Shanks, Rev. W. E. MacNiven. Admission will be 25 cents. Proceeds over expenses will turn over to the Patriotic Fund.

J. S. Woodworth said in one of his addresses given in Calgary that every properly organized rural municipality should have a consolidated school, a government demonstration farm, the demonstrator actually helping the farmers in the district, and a rural public hospital. With such an organization the municipalities would be very greatly improved on present conditions.

On the Clothes Line

A. E. Strangway had a narrow escape from hanging, last week. Having recently purchased a new car, and being anxious to show his wife the skill he had attained in handling it, he started to cross his yard, headed straight for the shed in which it was kept. About half way across, a clothes line, which he had forgotten, took him under the chin, lifted him out of his seat and left him suspended in the air, while the good old Ford went straight into the shed and stopped.

When we led, he was still hanging there and his wife was fastening some clothes pins securely to his ears. We will, however, guarantee to get him down in time to take the stand at the big sale called for Nov. 8th.

DON'T FORGET THE WAR VETERAN WHEN YOU HAVE A JOB TO OFFER
Please notify CENTRAL PROVINCIAL COMMITTEE, EDMONTON, for the good old Ford sent straight into the shed and stopped.

Land for Sale

Ten-quarters of good wheat land, close to railway. Will give terms. RUMBLEY SEPARATOR, 36-60, nearly as good as new. Apply F. DOWNS, 27-11 Box 199, Claresholm.

NOTICE OF JUDICIAL SALE OF FARM PROPERTY

Pursuant to the Judgment and Final Order for Sale made in a certain action by the Master in Chambers in the Supreme Court of Alberta, Judicial District of Calgary No. 1081, there shall be offered for sale by PUBLIC AUCTION, at or near the Post Office, Claresholm, Alberta, at 2 o'clock in the afternoon, on Saturday, the 25th November, A.D. 1916, the following lands and premises:

The South-west Quarter of Section 34, in Township 11, Range 27, of 4th meridian, Alberta.
The vendor is informed that the property consists of 160 acres more or less situated about 3 miles from Woodhouse Railway station and 7 miles from Claresholm Post Office, and Railway Station. On the property is a small shack. None of the land is under cultivation but the whole quarter section is good arable land. The soil is chertine loam with clay subsoil and two miles of the property are forested.
The terms of sale will be 15 per cent. cash at the time of the sale, 10 per cent. in 60 days without interest, and the balance in three equal instalments in 1, 2 and 3 years from the date of sale, with interest at the rate of 8 per cent. per annum for any other portion the conditions approved by the Master in Chambers will apply.

For further particulars apply to Lent, Jones, Mackay & Mann, Calgary, Alberta, Solicitors for the Vendor.
Dated at Calgary, Alberta, this 21st day of October, A.D. 1916.

PLANS FOR PLACING IMMIGRANTS ON THE LAND AFTER THE WAR

BETTER MANAGEMENT OF IMMIGRATION PROBLEM

Lord Shaughnessy Says That There Must Be a Selection of the Desired Classes and a Refusal to Accept Any and Every Settler Who Might Offer to Come to Canada

Lord Shaughnessy, president of the Canadian Pacific Railway, after returning from a prolonged tour of inspection of the company's system in the West, gave a most cheering report on conditions in the four Western Provinces.

Being asked about immigration after the war, His Lordship made several important statements. In the first place, he said that even if there was a movement toward Canada immediately after the war, it could not be handled, since it would take considerable time to get the troops back, and there would be a great deal of preliminary adjustment in Europe. In the second place, he said that after the war there ought to be a much more thorough administration of the immigration problem.

He said that in addition to dealing in a better way with the immigrant after he reached Canada, there should be perfect selection of the immigrants. There must be a selection of the desired classes, and the immigrants must be of the type that will accept any and every settler who might offer to come to Canada.

In the third place, His Lordship said that after the war every means would be used to prevent the advantages of Canada to the incoming settlers and to all kinds of immigrants who might want to make new homes in new countries.

The Canadian Pacific would continue to make every effort to aid these settlers after they reached the Dominion. He expected that the policy of the post-war immigration would be continued, but he thought that instead of building homes, immigrants would be furnished with materials for buildings at the lowest possible prices and be allowed to construct their own buildings, thus reducing the cost of immigration. He expected employment for the first months of their residence in the Dominion.

"We have no money to spend with reference to the future of Canada after the war," said Lord Shaughnessy, "but the course of a few years there will be a satisfactory situation in Europe, and the development of the country will continue and go forward rapidly as is desirable. I have fully demonstrated its productive capacity, and in the future, in a few years, if we do our duty, it will be the equal of any country in the world. With reference to the Western Provinces, I would say that I have never wavered in my faith in them."

City of Kiev is a Russian Gem

Considered the Most Desirable of All Russian Cities in Which to Reside.

When first I travelled, years ago, through Russia, I thought Kiev the best city in the world. It was the first time during the war, and my earlier impression remains, as, indeed, has the impression of the Russian people. I was obliged to live anywhere in Russia. I would have been glad to live in Kiev. It was the only city where attractions are vouchered for by the large number of soldiers and sailors, and soldiers and officials, who go to Kiev to end their days.

Although it is the capital of Russia, its climate is severe. It endures a long and hard winter, and it is one of the most beautiful cities in the world. It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter.

It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter.

It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter.

It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter.

It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter. It is the only city in the world where the sun shines for more than a few days in the winter.

War and Women's Work

New Place of Women Brought About by War

The new place of women in the world is considered in an interesting article in the London Times. The dominant idea is that women have been the comrades of men. That implies equality—not inferiority. There is a danger of the loss of certain little girl courtesies—such as the graceful use of the hat or the man opening a door for the woman. If a woman is to be a comrade, she must be a comrade in the full sense of the word.

The man's hat was raised punctually, but somewhere some drunken husband was beating his wife. The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior.

The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior.

The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior.

The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior.

The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior. The woman was not a comrade, but a hard worker and a savior.

Some Facts About the Province of Saskatchewan

In Area Is as Large as France and Twice the Size of the British Isles

Saskatchewan, one of the three prairie provinces of Western Canada, lies between Manitoba and Alberta. It was incorporated as a province in 1905—before that, was a part of the Northwest Territories.

It has an area of over 250,000 square miles—as large as France, and twice the size of the British Isles.

There are about 100,000,000 acres of arable land under less than 15 per cent, is actually under cultivation. The total area under crop is little more than the amount of land included in road allowances.

The elevation above sea level varies from 1,500 to 3,000 feet. Little water in the open in the ranching districts.

The mighty rivers of Saskatchewan are capable of developing 1,000,000 horsepower. Saskatchewan's coal area covers about 7,500 square miles, and is estimated to contain 200,000,000 tons of lignite.

The estimated population is 750,000, the greatest number of people per square mile of any province in Canada. Saskatchewan is the largest wheat-producing province in the world. It has produced nearly 700,000,000 bushels of wheat since 1900.

The average wheat yield for the last five years has been 25 bushels per acre. The United States for the same period has a clear two bushels per acre.

Saskatchewan farmers have won world fame for their wheat. They produce wheat for export. They include the world's largest wheat elevator at Regina, N. S. 1911, for the best wheat grown in the world.

The production of 1901 was 18,000,000 bushels. The average temperature of Saskatchewan during the past ten years has been 51.3 degrees Fahrenheit. 53.1 degrees Fahrenheit.

Saskatchewan railway construction has increased 300 miles since 1900. The total length of the railways is 10,000 miles. The average capacity is now 60,000 tons.

Saskatchewan has now 646,000 head of cattle, 775,000 cattle, 138,000 sheep and 344,000 swine.

Zeppelins Lose Immunity

British Now Know How to Deal with the Night Rider

The German dirigibles no longer can sail with impunity over any part of the British Isles. They may wish to think that.

This situation carries an implication of importance; it is that the anti-aircraft guns of the British Isles are now capable of dealing with the Zeppelins. The anti-aircraft guns of the British Isles are now capable of dealing with the Zeppelins.

The anti-aircraft guns of the British Isles are now capable of dealing with the Zeppelins. The anti-aircraft guns of the British Isles are now capable of dealing with the Zeppelins. The anti-aircraft guns of the British Isles are now capable of dealing with the Zeppelins.

Life of Great Guns

The Life of Modern Artillery Pieces Is Comparatively Short

The life of a gun depends upon the progress of erosion, which sooner or later is certain to impair the accuracy of the gun, according to Lord Erosion is caused by the action of the explosive gases at high temperature.

The Voting Age

In Many European Countries the Voter Has No Restrictions Than His

Anywhere in the United States one must have lived 21 years before one can vote. Not so in many other countries.

The Hun votes at 20, the Austrians at 19, the French at 18, the British at 21. In many countries the voter is not a man, but a woman.

How to Feel Well During Middle Life

Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache, and I was so nervous that I could not sleep. I had been very fat, and I was so nervous that I could not sleep. I had been very fat, and I was so nervous that I could not sleep."

Mrs. A. MacGregor and Mrs. MacKenzie paid a visit to Macleod on Wednesday.

Miss Verral Yorgenson has entered the college at Claresholm for a course in household science.

Mr. Roy Luchia, Mr. Zimmerman, Mr. and Mrs. M. Rutherford and Miss McCartney motored to Claresholm on Monday evening.

Mrs. F. Cattnach returned to her home in Granum on Monday last after spending several weeks with her mother in Northern Alberta.

T. Ross returned to Granum on Wednesday of last week, with the intention of making Granum his home again.

Very little disturbance was noticeable on Halloween in town. Only a few gates were distributed around.

R. McDougall's bungalow is completed, and he intends moving his family into the new home next week.

Mrs. MacLachlan, of Calgary, and Miss G. Seymour, of Claresholm, spent the week end with Miss Marion MacDonald.

Miss Donahue has resigned her position with the Granum Trading Co., and intends going to Calgary to attend business college.

A. MacGregor has begun ploughing on his new farm, north of Granum, formerly owned by P. Johnson.

Miss McCartney returned Wednesday last. We are pleased to hear her mother is much better, and that her brother, who is ill, is improving.

Mrs. James Blair, accompanied by her husband, went to Calgary hospital, last Thursday, to be operated on. We are pleased to learn that the operation was successful and that Mrs. Blair is doing nicely.

Last Saturday evening a surprise party was given Mr. and Mrs. I. Leland in their beautiful new country home. A lovely fifty people from Granum, motored out, and a most enjoyable evening was spent in dancing. The jolly crowd returned to town about twelve o'clock.

WANTED—A boy or girl, 16 years or over, to learn typesetting and printing. Must have good public school education. Permanent position. Apply Review-Advertiser.

Total.....26.75
Audited and found correct, Oct. 25th, 1916. (Signed) D. McLean.

W. C. T. U.

The regular meeting of the W.C.T.U. was held last Thursday. The year's program was arranged, and is being printed for distribution.

One interesting feature of this program for the winter months is a course of study in civics. This is conducted by the Union, and all the ladies of the town are invited to attend.

The Annual Parlor Meeting will be held on Tuesday evening, Nov. 14th, at the home of Mrs. Shaefer. The program for this meeting is to be of special interest.

Mrs. Nellie McChing is at present in West Virginia assisting in the statewide prohibition campaign now being conducted there.

The beer drinker is much worse off than the whiskey drinker, who seems to have more elasticity and reserve power. He (the whiskey drinker) will even have delirium tremens; but after the fit is gone you will sometimes find good material to work upon.

Good management may bring him around all right. But when a beer drinker gets into trouble it seems as if you have to recreate the man before you can do anything for him. I have talked this for years and have had abundance of living and dead instances around me to support my opinions.—Dr. S. H. Bucars, Toledo, Ohio.

The average crop yield this year at Macleod, as far as can be ascertained, is from 20 to 30 bushels per acre.

Thomas Roberts, of Bow Island, threshed 3500 bushels of wheat from 73 acres, an average of 48 bushels per acre.

In many instances land in Southern Alberta yielded wheat this year to the value of \$50 per acre, so says the Lethbridge Herald.

E. South, of Nobleford, secured a yield of 49 bushels of wheat per acre. The average on other land is reaching from 18 to 30 bushels.

Vern Wright, a farmer in the Champagne district, reports a yield of over 50 bushels of wheat per acre for combined stubble and summer fallow.

"Worth making a noise about"
